Subject: RE: Documents Regarding Florida 404 Assumption Application

Ms. Dubin,

We are currently trying to correct the copyright issue on our website. In the meantime, all the documents should be available on FDEP's site at <ftp://ftp.dep.state.fl.us/pub/outgoing/404%20Assumption%20Application/>

I am also looking into my ability to share the biological assessment and will follow up when I have an answer.

ESA Section 7 consultation has not been completed at this time and a Biological Opinion or an Incidental Take Statement have not yet been issued.

Thank you,

Kelly Laycock

Subject: Documents Regarding Florida 404 Assumption Application

Good afternoon Mr. Laycock,

I am reviewing the regulations.gov docket for Florida's request to assume control of CWA Section 404 permitting. I noticed that there are some documents that are unavailable for download on this part of the docket:

<https://beta.regulations.gov/document/EPA-HQ-OW-2018-0640-0002>

The documents that are unavailable for download have a picture of a lock next to their titles. Is there any way the public may please have access to these documents as well?

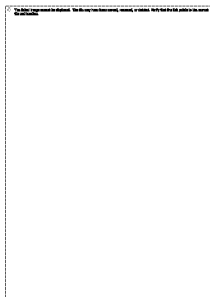

Moreover, would you mind please sharing a copy of the state's Biological Assessment regarding its request for assumption?

Finally, has EPA completed ESA Section 7 consultation on its assumption request, and if so, could you please share a copy of any biological opinion and Incidental Take Statement resulting from consultation?

If you have any questions, please feel free to give me a call at 847-769-8137.

Thank you very much,

Lindsay Dubin
